Gentlemen:-

Will you kindly advise me of the cost of a copy of your catalogue "Exhibition of U.S. and Colonial Coins," published in 1914, or of a latter recent edition if one has been printed?

What other coin catalogues or books has your Society published? Please send titles and price list of those available.

Sincerely yours,

Charles E. Brown

Chief, State Historical Museum.

Dear Sir:

In reply to your inquiry of the 10th, the booklet entitled "Exhibition of United States and Colonial Coins", is priced at one dollar. Also at your request, I am enclosing a supplementary list of publications as well as a list of Numismatic Notes and Monographs which we issue right along. However, your State Historical Society is a member of this Society, and as such, has been receiving copies of the latter. We should be glad to fill your order for extra copies.

Yours very truly,

Secretary.
